RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Responsive to the Office Action mailed July 27, 2001, applicant elects to prosecute Group I, claims 4-6, 10-12, and 17, with traverse.

The claims were restricted into two groups, group I, claims 4-6, 10-12, and 17, drawn to a method of treating skin disorders and group II, claims 13-16, drawn to a composition. The restriction requirement was made on the basis that the composition could be used in a method other than that of claim 1. This is not correct. There is a critical limitation in the composition claims that require that the active agent be present in an amount effective to treat skin disorders. Since it is well known that the dosage for treating skin disorders is unique to that purpose and via that means of application, it is not possible for the composition of claims 13-16 to be used in a method other than the method of the claims of group I. Therefore the claims should be examined together.
